

# BURLINGTON NORTHERN SANTA FE RAILWAY

Route Miles : 34,000

Major Shops : Alliance, Ne. ; Havelock, Ne. ; Springfield, Mo. ; West Burlington, Ia. (Ex BN) Barstow, Ca. ; Cleburne, Tx. ; Kansas City (Argentine), Ks.; Topeka, Ks. (Ex ATSF)

Major Yards : Chicago (Cicero) ; Galesburg, Ill. ; Kansas City, Mo. ; Lincoln, Ne. ; Minneapolis (Northtown) ; Pasco, Wa. ; Seattle ; Springfield, Mo. (Ex BN) Barstow, Ca. ; Chicago (Corwith) ; Kansas City (Argentine), Ks. (Ex ATSF)

BNSF are at present renumbering their units to the plan outlined below; this is the second plan announced. Many locomotives will not be renumbered but will have the ownership marks changed to BNSF. For some time it will be possible to see locomotives running around with Burlington Northern or Santa Fe brandings. Below each group of locomotives in this list I have given an indication of the existing owner - if no change to the number series is expected these locomotives could remain with their existing owner marks until their next repaint. For number series that have changed I have tried to make the ownership information as simple as possible (!)

BNSF have adopted the convention of referring to locomotives as "BNSF xxxx" for a renumbered locomotive and "BN xxxx" or "ATSF xxxx" for a locomotive that has yet to be renumbered or rebranded. I have tried to follow that below. In all cases where renumbering is to take place the BNSF number is given first and the whole roster is laid out in that format.

Where renumbering is to take place the number series below are arranged with the current number in plain type and the previous or still to be applied number (as appropriate) in *italics*.
